INDEX TO 1941 EDISON ELECTRIC INSTITUTE BULLETIN

Volume 9

Issue	*Pages*	*Issue*	*Pages*
January	1- 40	July	289-328
February	41- 80	August	329-364
March	81-112	September	365-396
April	113-168	October	397-436
May	169-216	November	437-472
June	217-288	December	473-504

General Index

A

Accident Prevention
- Danger—Men at Work—Dr. William Feinbloom, 141
- Halloween Appeal Stops Broken Street Lights, 494
- Kite Flying Hazards—George S. Diehl, 105
- Progress in Accident Prevention—W. R. Smith, 303

Accident Prevention Committee
- Chicago Meeting, 209
- Emergency Safety Conference, 380
- New York Meeting, 393, 470
- Personnel 1941-1942, 355
- Roanoke Meeting, 35, 73

Accounting, Basic Concepts of Property Accounting, 93

Accounting Conference, *See* Fifth National Accounting Conference

Accounting Executive Committee, Personnel 1941-1942, 501

A Dealer's Viewpoint on Utility-Dealer Selling—Joseph T. Meek, 147

Adequate Street Lighting an Asset in Hartford—Richard E. Simpson, 91

Advertising and Merchandising, 400

A Forward Look at Distribution—M. W. Smith, 269

Air Conditioning
- Installations During 1940, 388
- Lighting and Air Conditioning Design Factors, 456

Air Conditioning Committee, Personnel 1941-1942, 357

American Research Committee on Grounding Continues Investigations, 462

American Standards Association Wood Pole Specifications, 324

A Note on Power Supply in Warring Countries—H. S. Bennion, 405

An Experience With High Dielectric Losses in Old 24-kv Cables—G. B. McCabe, 419

Appalachian Electric Power Company Wins Water Systems Contest, 428

Appliances
- Domestic Electric Appliances in 1940, 44
- Repair Services, 133

As the Nation Goes to war, 473

B

Basic Concepts of Property Accounting—W. A. Paton, 93

Basic Factors in Power Interconnection Agreements—J. E. Moore, 237

Bearing of the Interest Factor on Reinvestment of Depreciation Reserve Funds—Samuel Ferguson, 175

Better Light-Better Sight Bureau
- Light Makes Sight, film, 500
- Lighting Campaign, 350
- Regional Vice-Chairmen Appointed, 426
- Revitalizing the Better Light—Better Sight Program—H. P. J. Steinmetz, 417

Book Reviews, *See* Publications

Bonneville Project, 161

Building Business Through Good Citizenship—H. C. Thuerk, 365

C

Cables
- *See also* Wiring
- An Experience With High Dielectric Losses in Old 24-kv Cables—G. B. McCabe, 419
- Cable Tests for Group Reductions Factors—C. H. Moore and N. R. Patton, 201
- New Cable Fireproofing Material—E. F. Neuzel, 420

Canadian Utilities Pool Tools for Defense, 427

Central Motor Transportation Committee, 496

Circuit Breaker Standards, comments, 29

Code, National Electrical, revisions, 451

Coffin, Charles A., Award, *See* Prizes and Prize Awards

Combustion Analysis in the Modern Boiler Unit—H. B. Lammers and E. B. Woodruff, 343

Commercial Activities Geared to Victory Program, 475

Commercial Electric Cooking Council
- Conference papers available, 468
- Mailing pieces, 123
- Meeting, 391, 428
- Sales Training Manual, 361
- Survey, 1940, 361

Commercial News Notes, 390

Committees
- *See* specific committee
- Personnel 1941-1942, 355, 501

Condenser Tubes, 373

Conduit, underground installations, 83

Connecticut Light and Power Co. Wins First Aid Contest, 312

Conservation of Materials for Defense Wiring—H. R. Stevenson and O. K. Coleman, 437

Conservative Investment for Electric Distribution—E. S. Fields, 275

Consolidated Edison Co. of New York, Inc.
- Employees Mutual Aid Society, 43

Control of Kite Flying Hazards—George S. Diehl, 105

Cooperation of Utilities in Serving Defense Loads—J. H. Coates, 491

Coordination of insulation, 8

Covered neutral cable, *See* Wiring

Curtis, Augustus D., Award, 280

Customers' Relations, Commercial Accounting and Collections Committee
- Personnel 1941-1942, 501

D

Danger—Men at Work—Dr. William Feinbloom, 141

Deep Underground Conduit Installation—L. G. Colsan, 83

Defense
- As the Nation Goes to War—473
- Broadcasts on Defense, 7
- Canadian Utilities Pool Tools for Defense, 427
- Central Motor Transportation Committee, 496
- Commercial Activities Geared to Victory Program, 475
- Conservation of Materials for Defense Wiring—H. R. Stevenson and O. K. Coleman, 437
- Cooperation of Utilities in Serving Defense Loads—J. H. Coates, 491
- Defense and the Daily Work—Guy G. Smith, 407
- Defense Housing, 125, 186, 299, 416
- Easing Your Priority Problems with Reclamation—K. C. Campbell, 331
- Electrical Living in Defense Housing, 416
- Harmonizing Sales Effort with National Defense—C. E. Greenwood, 401
- Housing Projects, 125, 186, 299, 416
- Industry and National Defense—William P. Witherow, 226

Metal Shortages and Their Effect on Line Hardware—Earl H. Kendall, 459
National Defense Comes First—W. L. Batt, 229
New Construction Will Keep Generating Capacity Ahead of Demand, 81
Power Supply in Warring Countries—H. S. Bennion, 405
Selling Utility Industrial Service Under Today's Conditions—C. A. Eastman, 183
The Utilities and the Copper Situation—C. W. Kellogg, 482
What Are You Doing to "Keep Them Rolling"?—S. G. Page, 495

Depreciation
Average Service Life Determination, 9
Bearing of the Interest Factor on Reinvestment of Depreciation Reserve Funds—Samuel Ferguson, 175
Maintenance and Its Effect on Depreciation Reserves—Leonard V. Smoot, 447
Determination and Forecast of Average Service Life—P. H. Jeynes, 9

Depreciation Committee, Personnel 1941-1942, 501

Determination and Forecast of Average Service Life—P. H. Jeynes, 9

Develop the Home Lighting Market—Harry Restofski, 191

Dielectric Losses, 419

Direct Comparison Leads to Direct Mounting of Pole-Supported Transformers—Frank Sanford, 444

Distribution
A Forward Look at Distribution—M. W. Smith, 269
Conservative Investment for Electric Distribution—E. S. Fields, 275
Distribution Transformer Shop Maintenance and Repair Practice—Frank Sanford, 197
Distribution transformer standards, *See* Standards for Distribution Transformers
Emergency Capabilities of Distribution Plant—T. G. Hieronymus, 265
Performance of Distribution Capacitors—M. C. Miller, 298
Some Present Engineering Opportunities in Electric Distribution—A. E. Silver, 273

Domestic Electric Appliances in 1940, 44

E

Easing Your Priority Problems with Reclamation—K. C. Campbell, 331

Edison Birthday Celebration, 67

Edison Electric Institute
Commercial Activities Geared to Victory Program, 475
Committee Personnel 1941-1942, 355, 501
Electric Light and Power Industry in 1941, 477

Edison Electric Institute Convention
Buffalo Prepares Welcome, 169
General Story, 217
President's Address, 221
Program, 113

Edison Medal Awards, 63, 283

Eighth Anual Sales Conference
Attendance Record, 115
Power Sales Section, 70
Program, 69

Electric Kitchens
The March of Modern Kitchens—W. H. Sammis, 143
Use in Low Cost Projects, 186

Electric Light and Power Industry in 1941, 477

Electric Membership Cooperatives, 195

Electric Water Heating Committee, Personnel 1941-1942, 358

Electric Wiring and the War Effort—O. K. Coleman, 497

Electrical Equipment Committee
Chicago Meeting, 209
Cleveland Meeting, 393, 421
Detroit Meeting, 35, 73
Personnel 1941-1942, 355

Electrical Living in Defense and Other Federal Housing Projects—B. W. Clark, 125

Electrical Living in Defense Housing, 416

Electrified Homes, 299

Eliminating Guesswork from Advertising and Merchandising—R. I. Seymour, 400

Emergency Capabilities of Distribution Plant—T. G. Hieronymus ,265

Emergency Safety Conference, 380

Employee Relations
See also Public Relations
The Employee and Good Will—E. L. Bayles, 441

Engineering Committee Meetings
See Specific Committee
1941 Engineering Spring Conference—Alexander Maxwell, 174
Program, 164

Evaluating the Advantages of Purchased Power—R. M. Winsborough, 128

F

Farm Electrification
See also Rural Electrification
Increases in Electrified Farms, 107
Farm Facilities, 375
Georgia Power Farm Film, 367

Farm Sales Committee, Personnel 1941-1942, 358

Fifth National Accounting Conference
Group Meetings, 163
Plans Completed, 88
Program, 89
To be held at Cincinnati, 71

Films
Commercial and Home Re-Wiring, 326
Dealer Sales Training, 31
Georgia Power Farm Film, 367
It Happened in the Kitchen, 387
Light Makes Sight, 500

Finances of the Bonneville Project, 1940—William M. Carpenter, 161

Financial Perils of the War—Carl Snyder, 233

First Aid Contest, 312

Fluorescent Challenge—P. H. Powers, 138

G

General Accounting Committee, Personnel 1941-1942, 501

General Electric Company Sales Conference, 37

General Sales Committee, Personnel 1941-1942, 357

Generating Capacity to Keep Ahead of Demand, 81

Georgia Power Company, farm film, 367

H

Harmonizing Sales Effort with National Defense—C. E. Greenwood, 401

Hartford Street Lighting, 91

Helping Customers Keep Appliances Repaired—Robert H. Fite, 133

Home Lighting Equipment Committee Contest, 68

Home Lighting Equipment Sales Committee, Personnel 1941-1942, 358

Home Service Women's Conference, 305, 389

Home Service Committee, Personnel 1941-1942, 358

Household Appliances Committee, Personnel 1941-1942, 358

Housing Projects, 125, 186, 299, 416

Hughes, George A. Award, 280

Hydraulic Power Committee
Chicago Meeting, 211
Personnel 1941-1942, 356

Hydroelectric Power Plants, Operating Efficiencies, 313

I

"If Mammy Trots and Daddy Trots the Colt Won't Pace"—Jess Paschall, 351

Industrial Lighting—The Need of the Hour—Frank R. Auchy, 321

Industrial Power, 183

Industrial Power Sales (See Power Sales)

Industry and National Defense—William P. Witherow, 226

Industry Sales Forces Mobilize—C. E. Greenwood, 115

Insurance Committee, Personnel 1941-1942, 359

Interconnection Agreements, 237

Internal Checks, Controls and Audits—J. Arthur Marvin, 188

Iowa Utilities Association, Sales and Distribution Conference, 62

J

Joint Committee on Coordination of Insulation, 8

Joint Committee on Standards for Distribution Transformers
See Standards for Distribution Transformers

Joint Subcommittee on Development and Research
December 5, 1940, Meeting, 34
New York Meetings, 327, 502

K

Kite Flying Hazards, 105
Kitchens, *See* Electric Kitchens

L

Lamps sold in 1941, 503
Late Developments in Load and Capacity—H. S. Bennion, 329
Lighting
Develop the Home Lighting Market—Harry Restofski, 191
Fluorescent Challenge—P. H. Powers, 138
Home Lighting Equipment Contest, 68
Industrial Lighting—The Need of the Hour—Frank R. Auchy, 321
Lighting and Air Conditioning Design Factors, 456
Nebraska Power Company Lighting Equipment Sales Contest, 363
Program of Better Light-Better Sight Bureau, 350
Series and Multiple Street Lighting systems, 97
Street Lighting in Hartford, 91
Street Lighting in Kansas City, 21
Lighting Sales Committee, Personnel 1941-1942, 358
Lightning Resistant 66 kv Transmission Lines—W. R. Metzger and E. R. Whitehead, 306
Load Building, 135
Looking Forward—Sarah M. Sheridan, 369
Low Cost Electrified Home—Henry J. Morton, 299
Low Cost Housing Projects Use Electric Kitchens, 186

M

Maintenance and Its Effect on Depreciation Reserves—Leonard V. Smoot, 447
Martin, Thomas W. Award, 281
Marshall, R. B. Award, 282
McCall, Laura Award, 282
Maryland Utilities Association Meeting, 396
Matthews, Claude L., Award for Valor, 279
McGraw, James H. Awards, *See* Prizes and Prize Papers
Meetings and Conventions, *See* Specific Meeting or Convention
Membership Committee, Personnel 1941-1942, 359
Merchandising and advertising, 400
Metal Shortages and Their Effect on Line Hardware—Earl H. Kendall, 459
Meter and Service Committee
Newark Meeting, 75
Personnel 1941-1942, 356
Swampscott Meeting, 422
Missouri Association of Public Utilities, Excelsior Springs Convention, 71
Mobile Substations, 13
Mobilizing Public Opinion on Electric Service Values—C. E. Greenwood, 256
Modern Kitchen Bureau
Contests and Awards, 54, 281, 427
Edwin Vennard Elected Chairman, 467
Fall Promotions, 325
Films, 31, 284, 387, 467
News, 106
1942 Programs Geared to the Times, 499
More Power Through Higher Operating Efficiencies of Hydro Electric Power Plants—W. B. Hess and J. M. Mousson, 313
Motor Vehicle Conference, 54
Municipal Plant Elections, 225

N

National Accounting Conference, *See* Fifth National Accounting Conference
National Better Light—Better Sight, *See* Better Light-Better Sight Bureau
National Defense, *See* Defense
National Defense Comes First—W. L. Batt, 229
National Electrical Code Revisions, 451
National Electrical Manufacturers Association, *See* Standards for Distribution Transformers
National Safety Council Emergency Safety Conference, 380
Nebraska Power Company
Customer Survey, 386
Lighting Equipment Sales Contest, 363
New Cable Fireproofing Material—E. F. Neuzel, 420
New Construction Will Keep Generating Capacity Ahead of Demand, 81
New Method for the Uniform Rolling-In of Condenser Tubes—Frank F. Fisher, 373
Ninth Annual Convention, *See* Edison Electric Institute Convention
Northwest Electric Light and Power Association
Election of Officers,360

O

Obituaries
James M. Bennett, 77
Joseph M. Burchill, 77
Frank D. Comerford, 498
Harvey C. Couch, 360
J. E. Lynch, 503
Jesse H. Pevear, 108

P

Partnership Between Manufacturers and the Power Industry is Vital Now—D. C. Prince, 293
Partnership of Utility and Retailer—C. E. Greenwood, 342
Passamaquoddy Power Project, 220
Performance of Distribution Capacitors—M. C. Miller, 298
Personals, 39, 79, 111, 167, 215, 288, 328, 363, 395, 433, 472, 504
Personnel of EEI Committees for 1941-1942, 355, 501
Plain Talk on Public Relations—Kimball Jack, 337
Plant Accounting and Records Committee, Personnel 1941-1942, 502
Plus Sales and Service Values Pay Off—Tom P. Walker, 261
Power, Capacity and Peak Loads, 329
Power and Heating Sales Committee, Personnel 1941-1942, 358
Power Line Insulators Make Excellent Targets—for Irresponsible Marksmen—John G. Mock, 429
Power Sales
Cooperation of Utilities in Serving Defense Loads—J. H. Coates, 491
Evaluating the Advantages of Purchased Power—R. M. Winsborough, 128
Mobilizing Public Opinion on Electric Service Values—C. E. Greenwood, 256
Opportunities for Everyone—F. McQuillin, 157
Our Problem is to Run a Successful Business—H. E. Dexter, 41
Place of Power Sales in the Picture—M. E. Skinner, 154
Plus Sales and Service Values Pay Off—Tom P. Walker, 261
Preparedness for the Post War Period—R. E. Fisher, 118
Responsibility of Sales in These Changing and Critical Times—R. E. Fisher, 253
Selling Electricity in April, 1941—and Later—H. P. Liversidge, 121
Selling Utility Industrial Service Under Today's Conditions—C. A. Eastman, 183
Some New Problems in Industrial Sales—J. F. Gaskill, 485
Power Sales Manual, 362
Power Sales Section Conference, 70
Power Supply in Warring Countries—H. S. Bennion, 405
Preparedness for the Post War Period—R. E. Fisher, 118
President's Address—C. W. Kellogg, 221
Prime Movers Committee
Chicago Meeting, 212
Cincinnati Meting, 75
New York Meeting, December 1940, 36
Personnel 1941-1942, 356
St. Louis Meeting, 423
Prizes and Prize Awards
Coffin, Charles A. Award won by Wisconsin Public Service Corp., 277
Edison Medal Awards, 63, 283
Forbes, B. C. Award
Winning Paper, 289
Honorable Mention, 337
Home Lighting Equipment Committee Contest, 68
Judges for 1941 Awards, 120

McGraw, James H. Awards
First Prize Paper, 313
Second Prize Paper, 343
Third Prize Paper, 373
Modern Kitchen Bureau Awards, 54, 281, 427
Report of Prize Awards Committee, 278
Water Systems Contest, 428
Winners of 1941 Awards, 278
Prize Awards Committee, Personnel 1941-1942, 359
Progress in Accident Prevention—W. R. Smith, 303
Property Accounting, Basic Concepts, 93
Public Relations
"If Mammy Trots and Daddy Trots the Colt Won't Pace"—Jess Paschall, 351
Mobilizing Public Opinion on Electric Service Values—C. E. Greenwood, 256
Plain Talk on Public Relations—Kimball Jack, 337
Public Relations Cannot Be Improved by Magic—Joseph R. Jarnagin, 289
So You Know the Answers?—Walter J. Thompson, 371
Publications
Code for Electricity Meters, 200
Flow Phenomena in Wake of Smokestacks, 112
Industrial Accident Prevention, 471
Lighting Sales Tips, 153
List of American Standards, 144
Power Sales Manual, 362
